## IPMS HORNCHURCH - NEWSLETTER

Dear Members

So I hope you heeded my warning last month regarding g\*rd\*n\*ng and d\*c\*r\*t\*ng, as the weather seems to be improving each day we will not be able to avoid the inevitable. Soon one day you will be dragged screaming from your model room and told to get out those paint brushes and mowers.

What an excellent competition last month, the standard in both classes get better each month, don't forget that our last competition of the year is next month and it's dioramas for aircraft and an open class for miscellaneous. Then we must start thinking about competition themes for the coming year.

Whilst thinking ahead, remember that the AGM is in May and the chance to oust the Committee is available. I have decided to stand down as Secretary because I feel a new approach is needed. I have been involved with the running of the club since it started all those years ago, so if you fancy it give it a go.

My thanks to Bob Plumridge, Peter Quinn and the Ryan brothers for tonight's slide show. Hope you enjoy it.

Happy Modelling

### IPMS Hornchurch Competition 1996-97 February 1997

#### Aircraft - Flying Boats, Floatplanes

Twelve modellers entered 18 models, the standard of which gets better every competition. John Gray returned to his winning ways with a superb Junkers Ju-52, which I understand he bought for a couple of quid at the bring and buy. A notable feature of this model was how he managed to get the decals to lie down over the corrugated surfaces. Well done to all who entered, the standard was excellent.
